

## **Account Sharing**

### **MRBC News**

It was brought to our attention that a team had allowed a banned player to take part in an MRBC match on a teammates account. After an investigation the following bans have been enforced: Sec is banned from playing in Seasons 10 and 11 of MRBC, and DriFD3S is banned from playing in the remainder of Season 10.

The act of account sharing during a competitive match violates the PGI Code of Conduct. Players that wish to play in MRBC must meet both the ToS and CoC.

The decision is final and there will be no further discourse on this issue. We hope that the rest of the teams can ignore any resulting drama these players or their teams might try to cause and enjoy the rest of their season without breaking the rules.
